

Motorsport Games Announces Quarterly Update and DLC for rFactor 2

February 21, 2023

MIAMI, Feb. 21, 2023 (GLOBE NEWSWIRE) -- [Motorsport Games Inc. \(NASDAQ: MSGM\) \("Motorsport Games"\)](#), a leading racing game developer, publisher and esports ecosystem provider of official motorsport racing series throughout the world, announced today a quarterly update and new downloadable content to rFactor 2, one of the most authentic sim racing platforms available to racers around the world.

This quarter's update includes an exciting new vehicle – the Honda Civic Type R, the introduction of the superb, laser-scanned version of Long Beach, and a wealth of improvements to enhance the player experience.

Following the partnership between the British Touring Car Championship (BTCC), Motorsport Games and Studio 397, a seventh real world car into the NGTC specification BTCC content offering in rFactor 2 – the Honda Civic Type R – is available today. The Honda Civic is a sensational performing vehicle that has taken drivers championships in recent years, and now, in FK8 Type R form, continues that long legacy of success for Honda machinery in the BTCC.

The Long Beach Grand Prix Street Circuit is available now as well. Built on the most recent highly detailed laser scan data, with thousands of reference images captured on site to ensure the most authentic of visual experiences possible, this new circuit is set to raise the bar yet further in terms of graphical quality within rFactor 2 and built completely in house at Studio 397.

Several exciting updates to rFactor 2 will be launching today as well, including:

- New GT3 tire model and physics
- BTCC hybrid boost for 2022
- Cinematics updates
- Race against unowned content
- New package management

A trailer for the Q1 2023 rFactor 2 quarterly update and content can be viewed [here](#).

The pricing breakdown for the newly released content is as follows:

Honda Civic BTCC - €4.99

Long Beach Grand Prix Circuit - €8.99

About Motorsport Games:

Motorsport Games, a Motorsport Network company, is a leading racing game developer, publisher and esports ecosystem provider of official motorsport racing series throughout the world. Combining innovative and engaging video games with exciting esports competitions and content for racing fans and gamers, Motorsport Games strives to make the joy of racing accessible to everyone. Motorsport Games is the officially licensed video game developer and publisher for iconic motorsport racing series across PC, PlayStation, Xbox, Nintendo Switch and mobile, including NASCAR, INDYCAR, 24 Hours of Le Mans and the British Touring Car Championship ("BTCC"), as well as the industry leading rFactor 2 and KartKraft simulations. rFactor 2 also serves as the official sim racing platform of Formula E, while also powering F1 Arcade through a partnership with Kindred Concepts. Motorsport Games is an award-winning esports partner of choice for 24 Hours of Le Mans, Formula E, BTCC, the FIA World Rallycross Championship and the eNASCAR Heat Pro League, among others. Motorsport Games is building a virtual racing ecosystem where each product drives excitement, every esports event is an adventure and every story inspires.

Forward-Looking Statements:

Certain statements in this press release which are not historical facts are forward- looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, and are provided pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Any statements in this press release that are not statements of historical fact may be deemed forward-looking statements. Words such as "continue," "will," "may," "could," "should," "expect," "expected," "plans," "intend," "anticipate," "believe," "estimate," "predict," "potential," and similar expressions are intended to identify such forward-looking statements. These forward-looking statements include, but are not limited to, statements concerning the expected benefits of the content updates to rFactor 2, related products and features and the positive attributes of the platform, such as Motorsport Games's belief that rFactor 2 is one of the most authentic sim racing platforms available to racers around the world, whether the updates will improve the player experience and whether the new Long Beach Grand Prix Street Circuit will raise the bar further in terms of graphical quality within rFactor 2. All forward-looking statements involve significant risks and uncertainties that could cause actual results to differ materially from those expressed or implied in the forward-looking statements, many of which are generally outside the control of Motorsport Games and are difficult to predict. Examples of such risks and uncertainties include, without limitation: difficulties, delays in or unanticipated events that may impact the timing and expected benefits of the rFactor 2 updates and/or related products and features, such as due to unexpected release delays. Factors other than those referred to above could also cause Motorsport Games' results to differ materially from expected results. Additional factors that could cause actual results to differ materially from those expressed or implied in the forward-looking statements can be found in Motorsport Games' filings with the Securities and Exchange Commission (the "SEC"), including its Annual Report on Form 10-K for the fiscal year ended December 31, 2021, its Quarterly Reports on Form 10-Q filed with the SEC during 2022, as well as in its
